Material Transfer Agreement

This is in reference to a shipment of cells to be sent on _____ (date) from _____ (to be known as “client” from herein) to Bio X Cell. Bio X Cell will use these cells in accordance to the previously agreed upon contract services. As a condition of Bio X Cell performing these services requested by client, Bio X Cell agrees that it has no ownership whatsoever of the materials provided to it by the client nor does it have any ownership of the products it produces under this service agreement. Bio X Cell has not been granted by the client permission or license to use, sell or modify in any way the cell lines it is providing to Bio X Cell. At the conclusion of this agreement, or earlier if requested by the client, Bio X Cell is obligated to destroy or return to the client all cells and protein associated with this agreement.
